

# QUEENS PARK

3 Queens Road West

Queens Park is a long linear park with a trail system linking it to Nicholas Sheran Park to the west. The park is surrounded by residential housing leading to it sense of peace and tranquility.

The park has a playground that is well shaded by mature trees. There is enough open space in this park for children to play any number of games.

This park is ideal for families who want a quiet out of the way park for their children to play in.

This park great for those looking for a quiet place to relax, read a book or bird watch.
