

COACHWOOD PARK

West Side

CITY OF
Lethbridge

This is a long linear park connecting the east and west ends of Coachwood.

The park is ideal for laying down a blanket and relaxing with a good book. For nature enthusiasts the mature trees provide an ideal setting for bird watching.

The trails in this park will provide a scenic route to regular exercise routines or a quiet walk with the dog.

There is a small amount of open green space that would be great for little ones to run around before a family picnic.

One thing for sure this park is the place for you if you're looking for a tranquil setting with minimal disruptions.
